Welcome,

It is with regret that we have come to this decision to disperse our herd. The past 20 years of raising Polled Shorthorns has been satisfying and happy times of our lives. This herd has been a family affair. Time changes all things. Our daughters, Kristy and Nancy, are both married now, and we credit much of their time and care to this herd. Barry, our son, has a heavy school athletic schedule, and is interested in grain farming.

We have come in contact with many nice people raising, buying and selling Shorthorns.

We wish to welcome you to the farm the evening of Saturday, October 23, for a country barbecue.

Sincerely,

*Maurice Wayne
and Nadine*

ROUTE 4 • FREDERICK, OKLA. 73542 • 405-335-3006

Dear Cattleman,

It is a pleasure for our firm to welcome you to the dispersal sale of Forbis Polled Shorthorns, Sunday afternoon, October 24th, 1976.

This dispersal sale will mark the end of twenty years of continuous breeding of Shorthorn and Polled Shorthorn cattle for the Forbis Farm. Furthermore, the breed will lose one of its more energetic boosters and promoters of Shorthorn and Polled Shorthorn cattle.

Their decision to disperse is certainly a hard one for the Forbis family to make, as the entire family has been quite active in the promotion and the showing of their Polled Shorthorn Cattle. However, they have decided to devote more of their efforts and land to the production of feed grains, and therefor their decision to disperse.

The sale offering will be highlighted by a tremendous set of Spring Calves sired by Jibbskot Gladiator (Spider). This big, stout, modern bull has done a tremendous job of breeding in the Forbis herd, and his get and service should be well accepted. Many of these spring calves would work as show prospects for juniors in 1977. We will split as many of these spring born pairs as possible.

Also to sell will be many individuals that were shown by the Forbis family over the past few years at major shows throughout the United States. Their show cattle have been consistently standing well in classes at nearly every show that they participated in.

Make plans now to be at the Forbis farm October 24th for this great dispersal sale. Come early for a leisurely inspection of the sale cattle and join the Forbis family at their pre-sale party the evening of October 23, at the farm beginning at 5:00 p.m.

If we can be of further service to you in regard to this fine sale offering, please feel free in calling.

Sincerely,

Bruce Brooks
